

Let's Celebrate!

Is an opportunity to explore ideas to encourage and enhance the development of infants and toddlers.

According to Clyde Hertzman, MD at the University of B.C., the period from pre-conception to age 6 is much more important for child development than we ever realized before.

By providing optimum conditions for development in a child's early years we can provide lifelong benefits.

The first years last a lifetime!

We gratefully acknowledge

VANCOUVER
FOUNDATION

as a sponsor for this event
